# PART 1

## Introduction

Based on RTI data obtained by Dehradun based SDC Foundation, Uttarakhand has only 43% specialist doctors available to serve across 13 districts, amidst the ongoing COVID-19 crisis. The data has been shared by Department of Health and Family Welfare, Government of Uttarakhand, as last available on 30th April 2021. Out of total 1147 approved posts for specialist doctors, only 493 are working, leaving 654 posts vacant.

As the threat of third wave of COVID-19 looms over the country and Uttarakhand, the hill state has only 17% public health experts and 41% child specialists available to monitor the state's progress and preparations for the raging pandemic. In terms of women's health, only 36% gynecologists are present and working in the state, making access to healthcare tougher for women in the hill state. Women are already sidelined in terms of public health services.

Further, the state has only one forensic expert out of 25 approved posts. Uttarakhand has only four skin and four psychiatric specialists out of the approved 32 and 28 posts respectively. Situation is extremely critical in the hill districts of the state. Pithoragarh (2 out of 8), Pauri (5 out of 22), Almora (4 out of 18), Chamoli (1 out of 8), Tehri (1 out of 14) have the least number of child specialists available. Similarly, only one gynecologist is available in Bageshwar out of five, four out of 22 in Pauri, two out of 15 in Tehri and one out of nine in Chamoli. Chamoli and Champawat have zero public health experts whereas Pauri has only one public health expert as against the approved 14 posts.

The study highlights a great imbalance between the distribution of specialist doctors amongst the districts. For example, there are zero eye surgeons in hill districts of Champawat as against the three approved posts whereas 11 eye surgeons are working in Dehradun as against the six approved posts.

## About the Report

The report is based on data collected through RTI which was filed by SDC Foundation in April 2021. The report has been divided into three parts:

- Part 1: About the report
- Part 2: District Wise State of Specialists Doctors in Uttarakhand
- Part 3: Specialty Wise State of Specialists Doctors in Uttarakhand

The last two pages of the report carry the original RTI reply.

## About SDC Foundation

SDC Foundation is Dehradun based not-for-profit engaged in research and communication on issues of climate change and public health in Uttarakhand. Write to us at [contactsdcuk@gmail.com](mailto:contactsdcuk@gmail.com) | Find us on Twitter [@sdcfoundationuk](https://twitter.com/sdcfoundationuk)
